

Evansdale Waterworks

123 NORTH EVANS ROAD

Evansdale, Iowa 50707

May 30, 2024

Attention Evansdale Residents:

In our ongoing commitment to transparency regarding water quality issues, the Evansdale Water Works Board would like to provide additional information to our community.

We are currently holding weekly discussions with the Iowa DNR. While these conversations are informative, the process is gradual. However, we are beginning to receive answers to the questions everyone has been asking.

In light of this, we still need the community's help. We encourage you to reach out to us through this official Facebook page, in person, or via email with any complaints or concerns about water quality issues. Your input is crucial in ensuring that we are targeting the proper areas and obtaining accurate water samples to address these concerns effectively.

Water chemistry is complex and challenging to capture, but with proper documentation and your assistance, we can effectively use our resources and information to tackle these issues.

Thank you for your understanding and cooperation.

Sincerely,
Evansdale Water Works Board
