CONTRACTOR NOTES AND RESPONSIBILITIES:

Contractor is responsible for all locates requests. IOWA ONE CALL telephone is 811.

A detailed map must be filed with the City of Evansdale. All new installation along with exposed existing utilities or other public or private will be exactly (within 6 inches) mapped out including name of, type of material, depth and exact measurement from permanent landmark (ex: center of road), and a copy of said map given to the City upon completion.

A copy of insurance **MUST** be filed with the City, including proof of worker's compensation coverage.

Traffic control detail must be filed with the City of Evansdale. Enclose exact detail of traffic control including street names, signage size, wording, and placement. Must follow Manual or Uniform Traffic Control adopted by the Iowa Department of Transportation.

If street closure is needed the contractor is liable to inform dispatch at 319-291-2515 so they will contact Fire Department and Police Department of estimated street closure duration.

Excavation **MUST** comply with the OSHA/SUDAS rules for excavations, including confined space regulations.

Traveled portion of roadway will be compacted in six-inch (6") lifts. Test will be performed four feet (4') apart. Test will meet 95% compaction. If compaction cannot be met with existing spoil pile, suitable material will be hauled in and old soil will be hauled away at contractors or property owners expense. Contractor will notify City when first test is needed, and City will perform the test.

Initial street cuts will be performed prior to excavations at contractor expense. Final cut will be performed at a minimum of one foot (1') back of excavation.

Street surface will be replaced by contractor expense to meet surrounding surface type. Example: concrete, blacktop, or seal coat.

Contractor is liable for excavated area of street for two years after permit is issued. Maintenance bond is required.

The City of Evansdale will not be liable for property or personal damage incurred in this project.
